

Alain-Christian Niyikiza
Research Project Management Associate

Alain-Christian Niyikiza joined L.E.A.F. Pharmaceuticals in October 2015 as Research Project Management Associate.

Also a paramedic, he has been an EMS provider since 2010. He has practiced emergency medicine as a 911 provider for Wayne Township Fire Department and Lawrence Fire Department from 2011-2015; on his cases he was the lead medical personnel for patient care. Refining his craft acutely, the team that he led at Lawrence Fire Department was awarded the Unit Commendation in 2015 for exceptional efforts exhibited while saving the life of child who was an active drowning victim. Mr. Niyikiza was responsible for managing the care of cancer patients during post-operative surgery and chemotherapy while an EMT-Basic and an eventual paramedic at Seals Ambulance from 2011-2015. During his tenure from 2010-2011 at Bloom Marketing as a health insurance agent, he specifically sold and managed the health insurance of Medicare recipients.

In 2014, Mr. Niyikiza earned an Associate's of Science in Paramedic Science. Currently he is pursuing a Bachelor's of Science in Neuroscience at Indiana University Purdue University-Indianapolis (IUPUI) in preparation for his entrance into medical school. An EMS educator for both Hoosier Health Academy and College Preparatory Academy, he continues to serve the citizens of his hometown in Indianapolis, IN.

Aside from his interest in advancing medicine as a practitioner and researcher, Mr. Niyikiza also enjoys practicing Brazilian Jiu Jitsu and boxing.
